If you can't pay your credit card, the bank will charge interest just like with a regular credit card. Raj Khosla, founder and MD, MyMoneyMantra.com said, "The charges for shopping credit cards are similar to regular credit cards, depend entirely on card type and the issuing institution. The typical charges for a shopping credit card include a one-time joining fee, annual maintenance fee (almost every bank offers a spend-based waiver on annual fee), late payment fee, annual percentage rate or APR for overdue payments and over-

month and it allows you to buy goods and services without paying interest for a short while. Accelerated rewards: Several shopping credit cards provide accelerated reward points on shopping. These points can bring significant savings to users if used judiciously. Issuers also tend to have tie-ups with big online and offline retail brands, which translates into higher or
